Transmittal No. 399

Honorable Kimberly D. Bose  
Office of the Secretary  
Federal Energy Regulatory Commission  
888 First Street, N.E.  
Washington, DC 20426

Re: F.E.R.C. Tariff No. 100.97.0 cancels F.E.R.C. Tariff No. 100.96.0 (Docket No. IS21-762-000).

Dear Secretary Bose:

The accompanying tariff is sent to you for filing in compliance with requirements of the Interstate Commerce Act and the Commission regulations. This tariff is issued by Explorer Pipeline Company ("Explorer") and bears the designation as FERC No. 100.97.0. The tariff is filed to become effective on January 1, 2022.

F.E.R.C. Tariff No. 100.97.0 contains the following revisions:

- Updated the issuer and compiler information on the cover page of the tariff to reflect Explorer's new Senior Vice President & Chief Operating Officer, Dolin Argo; and Vice President, General Counsel & Corporate Secretary, Celeste Johnson;
- Item No. 5, Definitions: updated the definition of "Shipper's Manual" in Item No. 5 to reference the current version of the Shipper's Manual dated January 1, 2022;
- Item No. 10(b), Commodity & Specifications: updated to reference the current version of the Shipper's Manual, Section 3, Product Specifications, dated July 1, 2021; and
- Unless otherwise noted in the respective Table, the rates reflected in the Tables of Rates, Parts II, III, IIIA, IV and IVA, of the tariff have been revised to reflect a general rate increase.

The rate increases reflected in F.E.R.C. Tariff No. 100.97.0 are being made in accordance with Explorer's market-based ratemaking authority, which was granted by the Commission in Docket OR99-1-000, issued June 30, 1999 (87 FERC ¶ 61,374).

In addition, Explorer is filing herewith an updated version of its Shipper Manual, Section 2, Shipper Information and Section 3, Fungible Product Specifications, both dated January 1, 2022, as such manual is defined and referenced in the accompanying tariff. In the updated version of Section 2 of the Shipper Manual, subparagraph 2.14.9, Explorer updated the diluent

settlement language to remove the delta between CBOB 83.7 octane and the Diluent Price. In addition, Explorer updated and clarified Section 3, Fungible Product Specifications.

Pursuant to 18 C.F.R. § 343.3 of the Commission's regulations, Explorer requests that any protest or other filing with regard to this tariff be sent electronically to Celeste Johnson at [cjohnson@expl.com](mailto:cjohnson@expl.com). All tariffs published by Explorer may be viewed and printed from Explorer's website at [www.expl.com](http://www.expl.com).

I hereby certify that on or before this date, I have caused service to be made pursuant to 18 CFR § 385.2010(f)(2).

If you have any questions, please do not hesitate to call me at (918) 359-5474.

Yours very truly,

Celeste Johnson
